

# THE GRAND JURY CONDEMNS JAIL

## Young White Man of Salisbury is Convicted of Perjury.

### AN ENGINEER BADLY INJURED

#### An Intoxicated Foreman Drives Engineer and Train Crew From Their Positions.

(Special to The Times-Dispatch.)  
SALISBURY, N. C., February 17.—The grand jury of Rowan county, today rendered the county jail and recommended that it be torn away and a new one erected immediately. The jury declares that it is a veritable fire-trap, and dangerous to the lives of the prisoners.

Samuel Carruthers, a young white man of this city, was today convicted of perjury, the trial having consumed several days.

The Bruner Lumber Company, with offices at Chattanooga, Charleston, Decatur, Ala., and Norfolk, has practically closed a deal for a \$500,000 lumber plant in Salisbury, a site of ten acres of land has been offered and accepted.

Engineer John Leonard, whose run is on the Southern Railroad between Charlotte and Winston-Salem, was badly injured at Barber's Junction, Rowan county, yesterday. While under his engine making repairs a dead-block weighing 150 pounds fell upon him, severely crushing one of his legs. The injured man was sent to Winston-Salem for treatment.

W. E. Noblin, foreman of a mason force of the S. R., while intoxicated last night mounted the cab of a locomotive on the Spencer yards, and at the point of a revolver drove Engineer F. Stanburg from the throttle and ran the entire crew from the train. He also made threats of violence to a number of employees, and his huge pistol created a small stampede. Noblin was arrested by Chief of Police Cruise, of Spencer.

### PIEDMONT DOCTORS.

#### Annual Convention at Waverly Hotel, Culpeper.

(Special to The Times-Dispatch.)  
CULPEPER, VA., February 17.—The Piedmont Medical Society met in annual convention here this afternoon in the parlors of the Waverly Hotel and were handsomely entertained by the local physicians.

Interesting papers were read, especially in connection with the treatment of appendicitis, by Dr. H. M. Slaughter, of Alexandria. The discussion of this and other papers took a wide range.

There was a large attendance of doctors from all this section of the State. Dr. W. J. Strother, of Culpeper, presided, and Dr. A. T. Holliday, of Orange, acted as secretary.

### OPPOSE SADLER LAW.

#### Powhatan Citizens Ask Legislature to Pass a Scalp Act.

(Special to The Times-Dispatch.)  
BEICNA, VA., February 17.—A mass-meeting of the citizens of Powhatan county, held at Belona, Thursday, passed resolutions opposing the Sadler game law, and asking the Legislature to pass a genuine scalp law for the enemies of game. Mr. J. H. Hobson was called to the chair and Mr. R. G. Porter was elected secretary.

### SENDS WARNING.

#### Cables Missionaries in China to Use Every Precaution.

Rev. Robert J. Willingham, secretary of the Foreign Mission Board of the Southern Baptist Convention, who is somewhat exercised over the safety of the Baptist missionaries in China in view of the threatened uprising in that country against Americans, has cabled to the missionaries advising them to take all precaution necessary, and it need be, to take refuge in the nearest police station, where they may be under the protection of the American consulate or that of some other foreign power.

Mr. Willingham has been in correspondence with Mr. Denby, of the State

## On Exhibition

The most artistic and magnificently designed piano ever shown in Richmond.

### The Conover Symphonic Grand Piano

A Grand Piano, in an upright case of regal magnificence.

Cold type cannot describe the artistic elegance of this stately instrument.

Visitors are requested to call and examine same while it is on exhibition in our show windows.

The case is of solid mahogany, the keys of genuine ivory, and the mechanism throughout guaranteed by the exclusive patents of The Cable Co. Not one item has been neglected. In true accord with the superb case, the tone quality is all that could be desired. Sweet, singing and sympathetic. The Conover repeating action insures absolute responsiveness to touch, and under the most severe tests of distinguished pianists has met every musical requirement.

SEE THE CABLE LINE.  
(Synonymous to perfect Pianos.)

Mason & Hamlin, Cable, Wellington, Conover, Kingsbury, Dekoven.

A line of Pianos known by our guarantee to be perfect Pianos.

## The Cable Company,

J. G. CORLEY, Manager. Richmond, Va.

Department in Washington, who advised the secretary to this course.

Anxiety is more particularly felt for those who are far in the interior, as there is no protection for them, save that which may be given by the Chinese officials, who are more renowned for the breach than for the custom of affording protection to aliens in a hostile country. As a usual thing, moreover, they are, to a large degree, powerless against popular uprisings. In the event of which foreign missionaries are placed in a dangerous predicament. However, there is no immediate apprehension felt at present.

### DEDICATE CHAPEL.

#### First Unitarian Church to Have Inaugural Services To-day.

To-day will witness the dedication of the new chapel of the First Unitarian Church, located on the northeast corner of Floyd Avenue and Harrison Street, the ceremonies continuing through both services. The chapel, which has just been completed, was opened last Sunday for the first time. To-day the church will be formally given over to divine worship, which will inaugurate the first church of the Unitarian Society that has been here since the Confederate War.

The present congregation was established in 1891, meeting first in Belvidere, and later in Monroe Hall. The congregation grew rapidly, and it soon became necessary for a chapel to be built. The pastor is Rev. John Linsford Robinson, of Mississippi. His last charge was in Brooklyn, Conn. The programme for the services is as follows:

Morning Service—Organ prelude, Zundel, hymn, "With Loving Hearts and Hands," delivery of keys by Archer G. Jones, chairman of the Building Committee; acceptance of the keys by D. T. Wilson, president of the society; address, the Rev. John L. Robinson; organ response, Gounod; responsive service of dedication, by the Rev. Charles Gordon Ames; organ response, Rink; offertory, Mrs. C. T. Ripley; hymn, "Unto Thy Temple, Lord, We Come;" sermon

### A SPLIT SWITCH CAUSES FATAL ACCIDENT

(Special to The Times-Dispatch.)  
DUNN, N. C., February 17.—Conductor Carey Thompson, on the Durham and Southern, was instantly killed to-day at Holly Springs. Engineer Captain Bill Angier and the fireman were seriously injured. The engine was returning from Apex for some cars and split the switch at Holly Springs, causing the engine to turn over.

The body of Captain Thompson will arrive here to-night. Captain Angier is living at this moment, but is not expected to recover.

### Stockholders Are Pleased.

The stockholders of the defunct Universal Savings and Trust Company are very pleased to receive a dividend of 6 per cent. from the receivers, making in all a dividend of 55 per cent., much more than was at first expected.

The case was in the United States Circuit Court and was styled J. C. Stoneburn vs. the Universal Savings and Trust Co. This is the third and last dividend, the first having been 41 per cent., the second 8 per cent., and the last 6 per cent. The receivers were Jo Lane Stern and G. W. Puer, and the stockholders were represented by Emmett Seaton.

# The Virtue

## Of Ligozone is Best Told by a Test—and the Test is Free.

### Won't You Learn What it Means to You.

You who lack Ligozone—you don't know what you miss. And the product itself can best tell you.

We ask you again—may we buy you a bottle to try?

You who are sick and discouraged—you need it most.

You who are treating germ diseases with remedies which have no effect on germs. A new remedy for such troubles has been created from gas, and millions have already used it. Countless cured ones—scattered everywhere—know that Ligozone made them well. Won't you now let us show you a way to be one of them? Let us show you what the product can do?

### What Ligozone Is.

The virtues of Ligozone are derived solely from gases, created from five substances, all of which are stated on the bottle. These substances include the best producers of oxygen, sulphur dioxide and other germicidal gases.

The process of making requires large apparatus, and from 8 to 14 days' time; and it is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry their virtues into the system. The result is a blending of gas-made products, each of which is now endowed, as a remedial agent, by the world's highest authorities.

The gases are harmless, and the product they create is harmless. The gases are beneficial, and the result is a tonic. The gases are germicidal, and uniting with the liquid multiplies their germ-killing power.

Ligozone contains no alcohol, no opiates, no narcotics. Every virtue comes from gas alone. The invention of Ligozone has meant a way to utilize gases in the treatment of germ diseases.

### Kills Disease Germs.

The main value of Ligozone lies in the fact that it is deadly to germs, yet helpful to bodily tissues. It is a germicide so certain that we publish with every bottle an offer of \$1,000 for the discovery of a disease germ which Ligozone cannot kill.

Common germs are poisons which cannot be taken internally. They destroy the tissues as well as the germs. That is why medicine has proved so helpless in dealing with germ diseases.

Ligozone is not only harmless, but it is a tonic. Its effects are exhilarating, vitalizing, purifying. Its benefits are quickly apparent—often from the very first dose.

The fact that Ligozone is so destructive to germs is attributed to the fact that germs are of vegetable origin. They apparently absorb this gas-made product, and it ends their activity. But the cells of the body—being animal—thrive by Ligozone.

### Germ Diseases.

In the past few years, scores of diseases have been traced to germ attacks. All of these diseases, until a few years ago, were attributed to other causes, and treated in various and ineffective ways.

The list of known germ diseases now numbers about one hundred. It includes most of our minor ills, and most of our serious sicknesses. And there are very few diseases which are known not to be due, directly or indirectly, to a germ infection.

Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. Directly or indirectly, nearly every serious ailment is a germ result.

### 50c Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you to let the product itself show you what it can do. Its acceptance places you under no obligations whatever.

If your ailment is not one to which Ligozone applies, we will tell you. If it is, we will give you the fullest advice and directions, based on a vast experience.

Please don't delay or hesitate. Don't suffer from a trouble that Ligozone can end. Please learn at our expense how much this product means to you. Send us this coupon today.

Ligozone costs 50c and \$1.

### CUT OUT THIS COUPON

Fill it out and mail it to The Ligozone Company, 425-461 Wabash Ave., Chicago.

My disease is \_\_\_\_\_

I have never tried Ligozone, but if you will supply me a 50c bottle free I will take it.

55c

Give full address—write plainly.

Note that this offer applies to new users only. Any physician or hospital not yet using Ligozone will be gladly supplied for a test.

### CITY IS TO PAY INDEBTEDNESS

(Continued from First Page.)

by Special Accountant W. E. Crenshaw, and the map and diagram prepared by City Engineer W. E. Crenshaw, Colonel Cutshaw filed with the court a map showing by metes and bounds the exact territory taken into Richmond by the decision of the court, as he was instructed to do by Judge Nicol on Thursday when the opinion was delivered.

#### County's Indebtedness.

The figures offered by Special Accountant Crenshaw are of interest to every one in Richmond and all of those who are affected in any way by the expansion of the city limits. It was found that the total indebtedness of Henrico county was \$56,240.00, not including the indebtedness of the town of Fairmount, which is \$30,500. Richmond assumed all of the indebtedness of Fairmount, and the city's proportion of the debt of Henrico in return for the territory annexed is \$18,400, showing more than one-third of the entire indebtedness of the county.

There was some question raised that \$2,500 added in the county's indebtedness could not be placed in the list, but the question was not settled. It came about by reason of the fact that Special Accountant Boudar in 1904, in investigating the books of Treasurer William H. Braver, said that something over \$2,500 had been overcharged in commissions, principally in the school tax. It was held for a time that this amount was, therefore, an asset to the county and not a debt, but in the record it went as a debt.

#### Crenshaw's Statement.

The following statement was submitted by Mr. Crenshaw and made a part of the record of the proceedings:

From Tuckahoe District: Adjacent to Clay Ward—Acreage, value, \$11,356; lots, value, \$1,594.10; street railway property, value, \$8,722; Chesapeake and Ohio Railroad, value, \$24,000. Adjacent to Lee Ward—Acreage, value, \$6,512; lots, value, \$13,810.

From Brookland District: Adjacent to Lee Ward—Acreage, value, \$33,200; lots, value, \$147,927; Seaboard Air Line Railroad, value, \$10,240; street railway, value, \$3,408. Adjacent to Henry Ward—Lots, value, \$12,170; Seaboard Air Line Railroad, value, \$8,900. Adjacent to Monroe Ward—Lots, value, \$2,310. Adjacent to Madison Ward—Lots, value, \$1,780.

From Fairfield District: Adjacent to Madison Ward—Acreage, value, \$4,900; lots, value, \$108,022. Adjacent to Jefferson Ward—Acreage, value, \$4,575; lots, value, \$19,201; Fairmount lots, value, \$294,326; street railways, value, \$2,671. Adjacent to Marshall Ward—Acreage, value, \$8,280; lots, value, \$720,784; Southern Railway, value, \$4,000; street railway, value, \$18,360.

From Varina District: Adjacent to Marshall Ward—Acreage, value, \$1,702; lots, value, \$13,110.

Grand total, \$3,366,883.

Judge Nicol left last night for his home. He has been here for three weeks, hearing the annexation proceedings, and by all it is agreed that he has made record-breaking time in dispatching business. His opinion and his order are able papers, that leave no loop-hole, nor is there any ground that is not thoroughly covered.

Court Stenographer John G. Winston will prepare the record within the thirty days and submit it to the court on either side. City Attorney Pollard said that he would try in every way to have the case advanced on the docket of the Supreme Court, so that the matter might be speedily settled.

### JUDGE'S ORDER.

#### Document Which Puts Into Effect Opinion Delivered Monday

The judge's order is as follows:

In the Circuit Court of the County of Henrico, City of Richmond vs. County of Henrico, et al., and Atkinson, et al., vs. City of Richmond, et al.

These causes came on again this day to be again and further heard on the proceedings heretofore had and the report of W. E. Crenshaw, city engineer of the city of Richmond, made in pursuance of an order entered herein on the 15th of February, 1906, and to which report were exceptions, and also the report of George E. Crenshaw, special accountant of the city of Richmond, made in pursuance of an order entered herein on the 16th day of February, 1906, and to which report were no exceptions, and were argued by counsel, on consideration whereof the court doth order that said reports be and the same are hereby confirmed, and in accordance with the report of said W. E. Crenshaw, city engineer of the city of Richmond, determining the metes and bounds of the annexed territory in pursuance of an order in conformity with the order of this court in these cases entered on February 15,

1906, it is now ordered, on this 17th day of February, 1906, that the metes and bounds of the annexed territory be and the same are now established and determined as follows:

Beginning at a point on the southern margin of James River at the present western corporation line, thence in a westerly direction along the southern margin of James River to a point opposite the western line of Mount Calvary Cemetery property if projected, or the eastern line of Floyd Avenue (River View) tract, thence across James River in a northwesterly direction, following the projected line of the western line of Mount Calvary Cemetery property, thence continuing in a northwesterly direction along the western line of said Mount Calvary Cemetery, to a point distant 25 feet south of the northern line of Colorado Avenue projected, thence in a westerly direction parallel with and 265 feet south of the northern line of Colorado Avenue to the western line of Virginia Avenue, thence continuing in a westerly direction parallel with and 25 feet south of the stream upon the property of Mrs. S. M. Dooley, thence in a southwesterly direction parallel with and 25 feet east of the said stream upon the said property of Mrs. S. M. Dooley and across the James River and Kanawha River, thence in a westerly direction, following the northern margin of James River to a point opposite the western face of the old canal lock No. 2; thence on a course north 23 degrees 45 minutes east to a point on the southern line of Hagans' addition, in the middle of the block between Spruce and Magnolia Streets, thence along the southern line of said Hagans' addition in a southeasterly direction to the western line of Bellevue Street, thence in a westerly direction parallel with Bellevue Street, Blanton Avenue and Tabb road, to a point 150 feet south of the south line of Beverly Street; thence in a westerly direction parallel with and 150 feet south of Beverly Street to a point 150 feet west of Tabb road; thence parallel with and 150 feet west of Tabb road in a northwesterly direction to the north line of Beverly Street; thence along a line parallel with and distant about 160 feet west of Foushee and Sheppard Street to a point 150 feet south of Westham Road, or Cary Street continued, to a point 150 feet west of Crenshaw Avenue; thence in a northwesterly direction along a line parallel with and distant 150 feet west of Crenshaw Avenue to the center of the present public alley midway between Grove Avenue and Hanover Street; thence in an easterly direction along the center line of said present public alley to a point 150 feet west of Rosemeath Road; thence in a northwesterly direction along a line distant 150 feet west of and parallel with the said Rosemeath Road to a point on the northern line of Deep Run Turnpike, or Broad Street continued; thence in an easterly direction along the northern line of Deep Run Turnpike, or Broad Street continued, to the eastern line of the property owned by the Richmond, Fredericksburg and Potomac Railroad Company (formerly the fair grounds); thence in a northwesterly direction along the eastern line of the property owned by the Richmond, Fredericksburg and Potomac Railroad Company (formerly the fair grounds), to the northern line of Leigh Street; thence in an easterly direction along the northern line of Leigh Street to the western line of Spotswood Avenue, thence in a northwesterly direction along the western line of Spotswood Avenue to the northern line of the right of way of the Seaboard Air Line Railroad; thence in an easterly direction along the northern line of the right of way of the Seaboard Air Line Railroad to a point 150 feet east of the eastern line of Powell Street; thence in a northwesterly direction parallel with and 150 feet east of the eastern line of Powell Street to the eastern line of Fritze Street; thence easterly parallel with and 120 feet south of the south line of Fritze Street to the western line of Virginia Street; thence in a northwesterly direction parallel with and 150 feet west of the northern line of Powell Street, projected, which line is about 75 feet south of the south line of Fritze Street; thence easterly parallel with the northern line of Powell Street to a point 150 feet west of the western line of Mitchell Street, or Lamb Avenue; thence in a northwesterly direction along the northern line of Bacon Quarter Branch; thence along the northern line of said Bacon Quarter Branch in an easterly direction to the western line of Seventh Street; thence in a direct line to a point 150 feet north of the present corporation line, thence easterly parallel with and 150 feet north of the present corporation line to a point 150 feet east of the eastern line of Seventeenth Street; thence southwesterly parallel with and 150 feet east of the eastern line of Seventeenth Street to a point distant 150 feet north of Fairfield Avenue; thence in an easterly direction

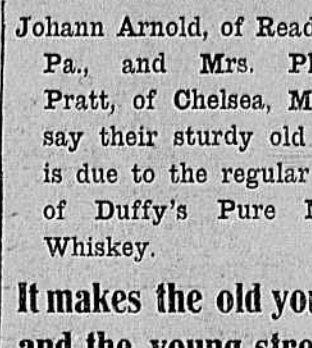

# Hale and Hearty at 104

## Received on 90th Birthday

JOHANN ARNOLD

Gentlemen: It gives me pleasure in my old age to testify to the benefits I am deriving from the judicious use of your Duffy's Pure Malt Whiskey. I am now 104 years old, hale and hearty, have a good appetite and perfect digestion. I have tried a number of wines and whiskeys for their stimulating effect, but my stomach would not retain them. Duffy's agrees with my stomach perfectly. It is certainly a Godsend to the aged, who need a stimulant to tone up their stomachs, increase their digestive powers and strengthen their weakened nerves.

MRS. PRATT

Mrs. Pratt Writes: Gentlemen: I am now almost 91 years of age and am in excellent health, owing to the use of Duffy's Malt Whiskey. I have never in bulk—Malt Whiskey. I have tried many remedies, without any benefit, until a friend induced me to try Duffy's Pure Malt Whiskey. My general condition was very poor also until I used Duffy's Pure Malt Whiskey. This grand old reliable family remedy, this grand medicine the catarrh has left me, my general health is better than it has been for years, and I know that it has prolonged my life. I most certainly would not be without it.

It makes the old young and the young strong.

## Duffy's Pure Malt Whiskey

Absolutely Pure & Unadulterated

TRADE MARK

parallel with and 150 feet north of Fairfield Avenue to a point in line with the eastern line of a 40-foot street (not named) parallel to and east of Buchanan Street; thence in a southwesterly direction to a point 150 feet south of Accommodation Street; thence in an easterly direction 150 feet south of Accommodation Street extended, to a point 150 feet north of the south line of Twenty-third Street; thence in a southeasterly direction parallel with and 150 feet north of Redd Street to the east line of Mechanicsville Turnpike, thence in a northwesterly direction along the eastern line of Mechanicsville Turnpike to the north boundary line of town of Fairmount; thence in an easterly direction following the said northern boundary line of town of Fairmount to the center of Twenty-second Street; thence in an easterly direction parallel with and 150 feet north of V Street to a point 150 feet east of Twenty-third Street; thence in a southwesterly direction parallel with and 150 feet east of Twenty-third Street to a point 150 feet north of T Street; thence in an easterly direction parallel with the eastern section of T Street to a point 150 feet north of T Street; thence in a southwesterly direction parallel with and 150 feet north of the Nine Mile road, thence continuing in a southeasterly direction on a line south 45 degrees, 45 minutes, east, for a distance of 2,000 feet to a line of property of Grinnell's estate; thence following along the line of the said Grinnell's estate on a line designated as south 41 degrees, 42 seconds, east, for a distance of 388 feet to the Oak 1000 Company property; thence following the western, northern and eastern lines of the Oakwood Cemetery property to the county road in front of the said Oakwood Cemetery; thence in a southwesterly direction, following the said county road to the accompanying map as McCarthy Street; thence in a westerly direction along the southern line of the said McCarthy Street to the western line of Canapa Street; thence in a southwesterly direction along the western line of Canapa Street, projected, to a point distant 150 feet south of the line of Canapa Street; thence in a westerly direction, parallel with and 150 feet south of Canapa Street, to a point 150 feet east of the western line of Tenth Street (Pulitzer); thence in a northwesterly direction, following the line of Canapa Street (Pulitzer), to a point 150 feet south of Williamsburg Avenue; thence in a northwesterly direction, parallel with and 150 feet west of Williamsburg Avenue, to the present corporation line, 150 feet west of Orleans Street; thence, following along the present eastern, northern and western boundaries of said city, to the point of beginning; and it is further ordered, that said territory, heretofore described, be, and the same is now, annexed to the city of Richmond; and it is further ordered, that the map and diagram of said annexed territory, returned by the City Engineer of the city of Richmond, be, and the same is hereby, made a part of this order, and shall be recorded by the clerk of this county in the clerk's office, and a copy of the same shall be certified by the clerk of Henrico county to the commissioner of revenue of the city of Richmond, from the land records of Henrico, a list of all real estate within the said annexed territory, as it appears on said land books of Henrico county, embracing every entry in regard thereto, for which service he shall be paid by the city of Richmond the fees allowed by law for similar services, said copy and certification being ordered hereto under section 4 of said act, approved

### Assume All Indebtedness.

And it is further ordered that the city of Richmond assume all the indebtedness of the town of Fairmount, said town having been annexed to the city of Richmond, said indebtedness being as follows: (1) 30-year six per cent. bonds issued September 1, 1904, maturing September 1, 1934, \$35,000. (2) Note due Merchants' National Bank of the city of Richmond, maturing June 6, 1906, \$1,500. And the city of Richmond is hereby made liable for all of the indebtedness of said town of Fairmount, and the city of Richmond is hereby made the owner of all the corporate property franchises and rights of said town of Fairmount. And it is further ordered that the city of Richmond shall assume and provide for the reimbursement to the county of Henrico of the sum of nineteen thousand four hundred and fifty-nine dollars and twenty-eight cents (\$19,559.28), being determined in the proceedings to be the just proportion of the existing debts of the county of Henrico which should be borne by the city of Richmond, and this reimbursement by the city of Richmond to the county of Henrico shall be enforceable by every appropriate legal remedy.

### Buy the School-Houses.

And in addition to the said sum of \$19,559.28 heretofore provided for, it is ordered that the city of Richmond do forthwith pay to the county of Henrico the following sums for school houses on the land on which the said schoolhouses are situated, belonging to said county of Henrico, and which are within the annexed territory and which are not retained by the county of Henrico, but title to which is transferred to the city of Richmond, to-wit:

For the graded schools in Sidney, \$100.00	Colored schools in Sidney, 1,000.00	Graded school in Fairmount, 15,000.00	Colored school, Twenty-ninth and S Streets, 2,000.00
White school in the city of Henrico, 2,500.00	High School (Howard's Grove), 1,000.00	Colored, Nicholson Street, 1,000.00	
			\$22,500.00

It is further ordered that the term of office of any county or district official living within the bounds of said annexed territory shall be continued by said annexation as provided in section 11, of said act, approved March 10, 1904.

And it is further ordered that the city of Richmond shall pay for the service of all papers required to be served under the provisions of said act, approved March 10, 1904, and all of the court costs incurred in these proceedings.

The county of Henrico and its Board of Supervisors expressing a desire to appeal from the judgment of the court, it is ordered that the judgment of the court in these cases be, and the same is hereby, suspended for the period of ninety days from this day for the purpose of allowing the county of Henrico and its Board of Supervisors to apply to the Supreme Court of Appeals of Virginia for a writ of certiorari, for an appeal from the judgment of the court in these cases. And the said county of Henrico and its Board of Supervisors are allowed thirty days within which to present their bills of exceptions to the Judge who tried these cases for his signature.

### BLUNT ANSWER.

San Francisco, Nov. 21, 1904.

H. W. Blatchley, Esq., Caldwell, Idaho—Dear Sir: Shortly after you commenced the treatment of your Diabetes with the Blatchley Compound you wrote that you could not get a result, but would continue it a while longer. Later you wrote it was beginning to yield, and later still that you were nearly well. We have not heard from you now for nearly a year. As you are a druggist, and we know that druggists like physicians, have long looked upon Bright's Disease and Diabetes as incurable, we are specially interested in your case, and would like to know how you are getting along, and in case you wish to reply, thanking you in advance for same. Yours very truly,

J. F. FULTON CO.

Following is the reply:

Caldwell, Idaho, Nov. 3, 1905.

Mr. J. F. Fulton Company: I am cured. Respectfully,

H. W. BLATCHLEY.

Comment is unnecessary. About nine-tenths of all cases of Bright's Disease and Diabetes, heretofore fatal, are now curable by Fulton's Compound. Send for pamphlet.

OWENS & MINOR DRUG CO.

Richmond.

When I suspect Bright's Disease: Weakness or loss of weight; puny ankles, hands or feet; drowsy; kidney trouble after the third month; urine may show viscous, falling vision; drowsiness; one or more of these. In Diabetes the most noticeable features are weakness with thirst, and at times voracious appetite.
